Android Software Engineer

Apply Now

Company: WIZELINE

Location: Colombia

Category: computer-and-mathematical

Community Impact

We are proud to contribute to local economies by developing technology ecosystems in places like Mexico, Colombia, and Vietnam. We also created , a free, community-based education program that teaches high-value skills to workers looking to advance their tech industry careers. As of 2022, Academy has served more than 28,000 students across 675 courses. Wizeliners have the opportunity to upskill by taking Wizeline Academy courses and can also share their expertise by delivering classes to students.

Your Day-to-Day

This job posting is for a Android Software Engineer on our Engineering team. Here's what you'll be doing in your day-to-day work:

Design and develop advanced applications for the Android app framework that will be used by millions of users across the world.

Make confident architecture and UX decisions based on skill, experience, and research.

Evangelize your application across worldwide business users to increase adoption.

Pioneer best practices, testing and coding standards for a fast-growing company.

Support application use at a massive scale.

Are You a Fit?

Sounds awesome, right? Now, let's make sure you're a good fit for the role.

Must-have Skills

4+ years of Android development experience.

Have published three or more Android apps.

Experience with third-party libraries and APIs.

Working knowledge of the general mobile landscape, architectures, trends, and emerging technologies.

Hands-on experience working on highly scalable projects.

Strong communication skills in English.

Nice-to-have Skills

BS/MS in Computer Science, Engineering or related subject.

Unit/ instrumented Testing experience

Experience with Kotlin, Rx, Dependency injection and Android architecture components.

Still not convinced you should apply? Here are some of the things that make Wizeline different from other technology services companies:

Our Values

At Wizeline, we value innovation, community, and ownership. Our commitment to diversity, inclusion, and respect fosters an environment where everyone does well and does good. We're proud to be recognized by the Human Rights Campaign Foundation in response to our inclusive corporate policies and best practices for LGBTQ+ employees.

Our Culture

We offer exceptional career growth and learning opportunities to our employees with skill development workshops, mentoring programs, and support for side projects or entrepreneurial work. We ranked 7th on Expansión's Super Companies 2021 list.

Our Benefits and Perks

We offer competitive compensation and employee-centric benefits, including industry-leading maternity and paternity leave, wellness programs, and remote work opportunities. All Wizeliners have access to continuous learning opportunities through , including cloud certifications, mentorship, LinkedIn Learning, Udemy, and in-house technical bootcamps developed by our experts in the field.

In recognition of our superb employee benefits, we debuted on Quartz's list of the Best Companies for Remote Workers and ranked 5th on Expansión's Super Workspaces 2021 list.

Our Global Family

To support the global nature of our business and help our employees grow beyond their technical skills, we offer free virtual English and Spanish language classes as well as provide immigration support when applicable. Prior to COVID-19, we had a robust Work Abroad program in place, which we plan to continue once it's safe to do so.

#AllAreWelcomeHere

Wizeline creates and fosters a diverse, inclusive, and harassment-free workplace where everyone can achieve their potential. All applicants will be considered for employment regardless of race, color, religion, sex, sexual orientation, gender identity, national origin, veteran, or disability status.
