Company: SAP

Location: Bogotá

Category: business-and-financial-operations

### **We help the world run better**

Our company culture is focused on helping our employees enable innovation by building breakthroughs together. How? We focus every day on building the foundation for tomorrow and creating a workplace that embraces differences, values flexibility, and is aligned to our purpose-driven and future-focused work. We offer a highly collaborative, caring team environment with a strong focus on learning and development, recognition for your individual contributions, and a variety of benefit options for you to choose from. Apply now!

### Summary & Role Information:

For this role we are looking for passionate people with excellent technical and communication skill.

As a Business Processes Consultant, you will analyze SAP solutions for our international customers and present the results of your findings and recommendations to IT managers and executives.

This role provides you opportunities to work with a variety of SAP products and technologies in all industry segments.

Consultant will provide guidance and support across all SAP Activate phases to ensure a successful S/4HANA implementation project:

In Explore and Realize phases, consultant will conduct interviews to understand business processes design and provide recommendations to stick to SAP Best Practices and SAP standard.

Propose recommendations to optimize and improve business processes in Deploy phase.

Support customer to address issues reported during Run and operation phases.

Support business processes continuous improvement once customer is operating SAP S/4HANA.

To meet the challenging requirements, you should be a quick learner with strong analytical skills. You should also be creative, open minded and possess the ability to communicate and convince others based on technical facts and details.

#### WORK EXPERIENCE

SAP Finance in the core finance and controlling modules and/or other SAP Finance areas such as Treasury, Real Estate, Consolidation, etc.

Desirable experience in conversion projects from SAP ECC to SAP S/4HANA

ABAP optimization and S/4HANA experience is a must.

Minimum 3 years of SAP Finance and/or other SAP Finance product experience is mandatory.

#### EDUCATION, SKILLS AND COMPETENCIES

The ideal candidate will have at minimum a Bachelor's degree in mathematics, science or engineering.

Experience in one or more programming languages (e.g. ABAP, Java, C++).

Ability to work independently and take ownership of assigned tasks

Excellent oral and written communications skills in English, with the ability to effectively interact with all levels of customers and management, both internal and external.

#### LANGUAGE SKILLS

Spanish – Fluent in both spoken and written (Mandatory)

English – Proficient in both spoken and written (Mandatory)

Portuguese – desirable, not mandatory
