

Colombia Jobs Expertini®

Data Engineer (#16007705)

Apply Now

Company: N-iX

Location: Colombia

Category: computer-and-mathematical

Work type:Office/Remote **Technical Level:** Middle **Job Category:** Software Development

Project: Global cloud computing services pioneer

N-iX is a software development service company that helps businesses across the globe develop successful software products. During 20 years on the market and by leveraging the capabilities of Eastern Europe talents, the company has grown to 2000+ professionals with a broad portfolio of customers in the area of Fortune 500 companies and technological start-ups. With its headquarters in Lviv, Ukraine, the company also has multiple development offices in the East European region and representative entities in the United States of America, Sweden, and Malta.

Throughout the years of its operations, the company has developed strong expertise in such fields as digital turn-key solutions engineering, cloud services, big data & analytics, user experience design, engineering excellence, digital platforms integration, and its own R&D in different domains such as financial services & banking, telecommunications, e-commerce, automotive, manufacturing, and others.

The modern global trends in the IT industry have led the company to consider its expansion to the Latin American market to complement its expertise with high-end talents in the area.

N-iX is looking for passionate and motivated **Data Engineer** to join our team.

Our customer is the multicloud solutions expert. They combine their expertise with the world's leading technologies-across applications, data and security- to deliver end-to-end multicloud

solutions. As a global, multicloud technology services pioneer, they deliver the innovative capabilities of the cloud to help customers build new revenue streams, increase efficiency and create incredible experiences.
