Designer – Borderless Lab – Mid Level

[Apply Now](#)

Company: Gensler

Location: Bogotá

Category: computer-and-mathematical

Your Role

Gensler's Borderless Lab is a unique team that provides support to ongoing projects all over the world. You will coordinate and work with a global team of Architects, Designers, and Design Managers across all borders to complete outstanding projects.

As a **Designer** at Gensler's Borderless Lab, you must actively participate in all phases of the design process. Innovative thinking balanced with the ability to present real-world technical solutions to new design challenges. Must thrive with personal responsibility and accountability but embody and embrace open communication and team-oriented success.

You are a passionate professional who combines creativity, technical knowledge, and business skills to produce functional and beautiful spaces for clients. With exceptional design skills and a background in architecture, you will contribute as an integral member of the design team, actively participating in conceptual thought processes and design exploration.

What You Will Do

Support the Design Director in the creation and development of overall design concepts.

Formulate design presentation strategies.

Provide creative and process leadership to multiple design teams through all project phases.

Support project design and delivery, working with design and technical directors.

Participate in and lead conceptual design, presentations, schematic design, design

development, construction documents, and production.

Collaborate with the design team, clients, consultants, contractors, fabricators, regulatory agencies, and vendors to achieve project objectives.

Oversee and deliver documents with design intent and top-notch technical quality.

Select and research building materials and generate material specifications.

Contribute to office activities, initiatives, and learning programs.

Establish and maintain productive client relationships.

Fulfill other assigned responsibilities.

Your Qualifications

Bachelor of Architecture, Interior Architecture, or foreign equivalent

6+ years of project experience in an architectural practice

Proficiency in **REVIT**, Sketch Up, Photoshop, InDesign, and Microsoft Office

100% bilingual English/Spanish, well written, with excellent verbal communication skills.

Working knowledge of building codes, standards, building construction, and building structures

Construction documentation and/or design detail development experience

Strong leadership, communications, and relationship management skills

Ability to handle difficult situations with tact, grace, and emotional intelligence

Excellent analytical and problem-solving skills

Strong organizational skills

Has the ability to maintain existing client relationships and build new client relation

Additional software skills in AutoCAD, 3d Max, Illustrator, Rhino, Grasshopper, and Autodesk Certified are a plus

Life at Gensler

At Gensler, we are as committed to enjoying life as we are to delivering best-in-class design. From curated art exhibits to internal design competitions to “Well-being Week,” our offices reflect our people’s diverse interests.

As part of the firm’s commitment to licensure and professional development, Gensler offers reimbursement for specific professional licenses and associated renewals and exam fees. In addition, we reimburse tuition for specific eligible programs or classes. We view our professional development programs as strategic investments in our future.
