

Dynamics System Administrator

[Apply Now](#)

Company: Holcim

Location: Medellín

Category: computer-and-mathematical

Are you a BUILDER, a LEADER and NOT A FOLLOWER in technology? Are you willing to try and fail, to innovate and bring new ideas to the team?

We are looking for a Dynamics System Administrator, who will work to define, deploy and maintain D and Dynamics environments and Azure resources, supporting the data connectors with external systems relating to operations, such as Red Maple, Avalara, SSRS, Atlas and Management reporter.

What you will do:

Deploy DEV environments and maintain production environments according to the license agreements.

Deploy and maintain virtual machines.

Create and maintain users for DFO and DCE, managing license agreements for cloud users.

Dynamics AX Platform support with its connected tools

Analyze and perform system upgrades

Qualifications:

Bachelor's degree in Computer Science, Engineering, Information Systems, or related discipline

Azure Solutions Architect Expert is desired

Minimum 3 years as Infrastructure administrator in Microsoft environments.

Minimum 3 years in Microsoft products.

Fluent English (B2+)

Benefits: You will have a very competitive salary and top-notch benefits such as:

1 00% Work from wherever in Colombia guaranteed (a couple of months abroad now and then too!)

Annual performance bonus with a maximum amount of 1.5 monthly salary.

Flexible weekly schedule, PLUS 12 free half days per year!

18 to 25 vacation days depending on your tenure.

66% of prepaid medicine. Life insurance (fully paid)

And on top of all, you will work in an amazing working environment, with great career opportunities that can be shaped from day 1, a ton of amazing talent to learn from, social responsibility activities, fun month's end Fridays, and much, much more.
