[Apply Now](#)

Company: Nubank

Location: Bogotá

Category: business-and-financial-operations

### About the team

Controllershship team breaks the status quo by facing challenges from the perspective of technological innovation as a tool to automate and make our processes run more efficiently. Our goal is to build a strong and diverse team that looks to create something worthwhile. And has at its core values to pursue smart efficiency, this comes hand in hand with our drive to remain as a strategic partner for all cross-chapters teams within Nu Colombia. In Global Product Accounting we are part of the first line of defense to deliver accurate and timely financial information meeting the companys regulatory responsibilities with unwavering integrity.

### **As a Finance Data Analyst, you'll be expected to:**

Development of notebooks in databricks that contribute to the automation or streamlining of tasks related to the closing process.

Implementation of automatic controls and verifications that contribute to validate the quality of the information generated by the GPA team.

Generation of reports related to financial information products, through the use of large databases and data visualization tools that contribute to the access of dynamic and accessible information to different stakeholders.

Definition of technical requirements in line with functional and regulatory needs to be shared and developed by the engineering teams of the global and finance platforms teams.

## **We are looking for a Finance Data Analyst who has:**

Bachelor's Degree

3 years of experience as a Data Analyst, Business Analyst or other quantitative disciplines

Strong experience querying data with SQL

Programming experience with Python, R, Scala, among others

Fluent English

## **The position is based in Bogotá, Colombia.**

### **Benefits**

Nubank equity

Health and life insurance

15 days of paid vacations

NuCare - Our mental health and wellness assistance program

NuLanguage - Our language learning program

Extended maternity and paternity leaves

### **Diversity and Inclusion at Nu**

We want to build products and experiences for everyone who wants to take back control over their finances, that's why we build strong and diverse teams that rise up to the challenge. We are a team of the most creative people in technology, and we hire under equal opportunity, irrespective of gender, ethnicity, religion, sexual orientation or background. We are proud to say that 30% of our team recognize themselves as part of the LGBTQ+ community, and 40% of our team identify as women, in all positions and seniority levels. We are a very process-light organization that values human interactions, and that is a very important part of our culture. At Nu, everyone has the opportunity to speak up and participate, grow and share ideas.

**Everyone new to the team and our current staff will be working from home for 8 weeks and 1 at the office (Bogotá).**
