Overview

Finance in Motion is a global impact asset manager focused exclusively on sustainable development in low and middle-income countries. The company develops and advises impact investment funds whose blended finance structures bring together public and private investors to address climate change, strengthen biodiversity conservation, foster the sustainable use of natural resources, improve livelihoods, and promote economic opportunities.

Over the course of its operations, Finance in Motion has unleashed a cumulative total of over EUR 5.4 billion toward these goals in Southeast Europe, the Caucasus, Latin America, the Middle East and North Africa, and sub-Saharan Africa. In addition to investment activities, the funds also provide technical assistance to support investees, foster responsible finance, and maximize impact in the countries they serve.

Since its foundation in 2009, the company has consistently recorded year-on-year growth and expanded into new regions and topics. Due to this ongoing success, Finance in Motion is seeking a
