## Full-Stack Developer LATAM - 18402504306

Apply Now

Company: Support Shepherd

Location: Bogotá

Category: computer-and-mathematical

### Fully remote, Only for LATAM !!

**Position:** Full-Stack Developer

**Salary Range:** USD 3000 - 6000 / month (based on experience)

**Location:** Fully remote, Only for LATAM

**Working Hours:** Full-time, 8AM - 5PM EST (This is up for modification)

**Language:** Professional proficiency in English level C1 is required.

**Type of contract:** Independent Contractor Agreement.

At Shepherd, we're committed to connecting businesses with skilled and cost-effective talent from the Philippines and Latin America. We tailor our services to match our client's unique business needs, making global recruitment a breeze.

We seek a skilled Full-Stack Developer who enjoys working in mobile advertising, empowering brands and agencies with innovative advertising and targeting solutions.

### Responsibilities:

- Develop server-side components using programming languages such as PHP and JavaScript

- Build and optimize database structures and queries to ensure efficient and scalable data storage and retrieval

- Collaborate with UX/UI designers, product owners, back-end developers, and other

stakeholders to develop responsive and mobile-friendly web applications

Ensure seamless integration between the front-end and back-end components of the web application

Conduct thorough testing and debugging of both front-end and back-end code to ensure reliability and security

Design and implement front-end components using JavaScript frameworks such as React

## Requirements

The ideal candidate for this position will have proven experience (4+ years) as a Full-Stack Developer with particular strengths in Back End Development

Strong proficiency in both PHP (Laravel) and JavaScript (Node.js, Express.js) development

Essential knowledge of React and Material UI

Knowledge of relational and non-relational database management systems (MySQL, Mongo, Redis, or related)

Experience with AWS integrations (S3, Athena, etc), and Snowflake drivers (for PHP, Node.js)

Familiarity with agile development methodologies and data pipeline.

Strong problem-solving skills and attention to detail

Fluent in English, written and spoken.

Portfolio showcasing previous work
