

Internship Business Development & Railway Consulting LATAM (f/m/d)

[Apply Now](#)

Company: DB Engineering & Consulting GmbH

Location: Colombia

Category: other-general

Stellenbeschreibung

We are looking currently for an intern (m/f/d) to join our LATAM consulting team **in Medellín or Bogotá, Colombia.** Deutsche Bahn's expertise is in high demand all around the world. As a leading engineering and consulting company in the rail sector, DB Engineering & Consulting offers that knowledge – starting with an idea and continuing all the way to operations. We advise our customers in Germany and around the globe, develop technically sophisticated and customized infrastructure, mobility and transport solutions. With sustainable concepts, we ensure the future success of economic regions, make important contributions to the protection of the environment and help shape the world of the future. Since 1966, DB Engineering & Consulting has implemented thousands of projects of any size and complexity in over 100 countries. About 5,000 employees from 84 nations are currently realizing the projects of our customers with professional knowledge and intercultural experience.

Interested students must have the endorsement of the University where they are studying. We offer an internship agreement with financial assistance and accident risk coverage.++IF YOU ARE NOT A STUDENT PLEASE DO NOT APPLY+Responsibilities: Sales & Business Development:

Support the activities of our business development team and the railway consultants in their day-to-day job

Prepare the strategy workshops, customer meetings as well as presentations for the client

Support in analysis of tender requirements and participate in the preparations of offers for

international clients

Support the preparation of the market studies to develop prospects

Support business development activities across the LATAM region but also globally if required

Supporting big, international events in the railway industry

Shadow the Director of Business Development LATAM in day-to-day operational tasks, creating and monitoring project plans and delivering the outcomes in high-quality

Qualifications: - current status as a student in the fields of engineering or business management gained at a university in Latin America- a proactive and structured way of working to support our consulting department- working in an evolving organization with flexible structures- confident handling of MS Office software is one of your strengths- team player with good communication skills and you can work in a self-organized way- fluency in Spanish and English due to the international character of work **The position is located in Medellín (alternatively Bogotá), Colombia and is scheduled for 6 months.**
