

Microsoft Biztalk & Azure integration Developer/Architect

Apply Now

Company: TwoConnect

Location: Cali

Category: computer-and-mathematical

TwoConnect is seeking to hire a Microsoft integration developer with experience in BizTalk and/or Azure. You will be working remotely and supporting our USA team. English speaking and writing skills are important. We will pay your salary in US Dollars. When you apply, please include a cover letter with a summary of your skills and why you feel you are a good candidate for this position. You can also apply on our website

<https://www.twoconnect.com/career>

Skills:

At least three years of experience with the following:

Microsoft BizTalk Server, including development of schemas, orchestrations, maps, pipelines, and port configuration.

XSLT, XML, XSD.

Microsoft SQL Server development including data design and optimization, stored procedures, cursors, XML queries, indexing, locking, and relationships.

BizTalk Solution-based architecture, design, and estimation.

Microsoft Team Foundation Services (TFS).

Experience with Azure integration services a plus: Azure logic apps, service bus, functions, data factory, devops, etc.

Experience with the implementation of business-to-business interfaces using any of the following B2B standards preferred:

X12 EDI.

HIPAA.

HL7.

SWIFT.

RosettaNet.

Experience with Microsoft Windows Azure preferred:

Use of Microsoft BizTalk Services.

Azure Virtual Machines.

Azure BizTalk Hybrid Connections.

Intangibles:

English verbal and written communication skills.

Desire to learn and implement the latest development technologies and trends.

Exceptional problem-solving and debugging skills required.

Responsibilities:

Architect, Develop, and Implement cloud and on-premise integration solutions as part of TwoConnect's BizTalk & development services offered to our worldwide customers.

As the Integration Solutions architect you must utilize your communication, analytical skills and problem solving skills to manage the technical relationship with the customer.

Review in-depth business requirements and develop technical solution proposals, functional requirements, and technical documentation relating to BizTalk & Azure Solutions.

Apply your agile, scrum development skills to manage the entire Software development lifecycle utilizing Microsoft Team Foundation Service.

Guarantee the provision of quality project deliverables according to all specified requirements including specified timelines and customer requests.

If you are interested, please contact TwoConnect as soon as possible. We look forward to hearing from you. Email your resume and contact information.

Intangibles

You also possess:

Excellent verbal and written communication skills.

The desire to learn and implement the latest development technologies and trends.

Exceptional problem-solving and debugging skills.

The ability to have fun along the way!
