

Microsoft BizTalk Server Expert

[Apply Now](#)

Company: TwoConnect

Location: Bogotá

Category: architecture-and-engineering

TwoConnect is seeking to hire a BizTalk developer/architect to add to our Colombia team. You will be working remotely and supporting our USA team. English speaking and writing skills are important.

Skills:

At least three years of experience with the following:

Microsoft BizTalk Server, including development of schemas, orchestrations, maps, pipelines, port configuration.

XSLT, XML, XSD.

Microsoft SQL Server development including data design and optimization, stored procedures, cursors, XML queries, indexing, locking and relationships.

BizTalk Solution-based architecture, design and estimation.

Microsoft Team Foundation Services (TFS).

Experience with the implementation of business-to-business interfaces using any of the following B2B standards preferred:

X12 EDI.

HIPAA.

HL7.

SWIFT.

RosettaNet.

Experience with Microsoft Windows Azure preferred specifically:

Use of Microsoft BizTalk Services.

Azure Virtual Machines.

Azure BizTalk Hybrid Connections.

Intangibles:

English verbal and written communication skills.

Desire to learn and implement the latest development technologies and trends.

Exceptional problem solving and debugging skills required.

Responsibilities:

Architect, Develop and Implement cloud and on-premise integration solutions as part of TwoConnect's BizTalk & development services offered to our worldwide customers.

As the Integration Solutions architect you must utilize your communication, analytical skills and problem solving skills to manage the technical relationship with the customer.

Review in-depth business requirements and develop technical solution proposals, functional requirements, and technical documentation relating to BizTalk & Azure Solutions.

Apply your agile, scrum development skills to manage the entire Software development lifecycle utilizing Microsoft Team Foundation Service.

Guarantee the provision of quality project deliverables according to all specified requirements including specified timelines and customer requests.

If you are interested, please contact TwoConnect as soon as possible. We look forward to hearing from you. Email your resume and contact information.

Job Type

Remote.

About TwoConnect:

TwoConnect is a Microsoft Gold Partner and a dynamic and exciting place to work. Each member of our team is highly valued; we believe in them and in return, their dedication and hard work drives our success. Personal and professional achievements are not only encouraged but invested upon, cultivating a positive mutual respect throughout the company. Our team is passionate about technology and motivated to execute on our goals. We carefully choose each member of our team based on both upon their expertise and knowledge of evolving technologies and strong business acumen. Each individual at TwoConnect is a key member of a team that drives our company's vision and direction.
