## NodeJS/Spring Boot/Go/Python Backend Developer - Remote,Full-time

[Apply Now](#)

Company: Bluelight Consulting

Location: Cartagena

Category: computer-and-mathematical

Are you an experienced software engineer with deep experience building and delivering amazing products? Do you have high standards when it comes to code quality and user experiences? Are you the best developer on your team? Are you ready to work alongside the best engineers in the world for name-brand, industry-leading companies? As an engineer at Bluelight Consulting, you will help our incredible clients achieve their technical goals in one of two ways: 1) Team Augmentation: You will integrate yourself directly into our client's team and work alongside their existing engineers on a daily basis. 2) Design & Build: You will work on a Bluelight Consulting development team to build and ship greenfield applications for our clients. What We Are Looking For - +5 years of experience developing software applications. - +3 years of working experience with Node.js, Spring Boot, Go, and Python. - Significant working experience with Postgres, Kafka, and SQL (Snowflake). - Familiar with GCP, AWS, and Azure. - Meaningful experience working on large, complex systems. - Ability to take extreme ownership over your work. Every day is a challenge to ensure you are performing to the expectations you and your team have agreed upon, both regarding estimates and the general process. - Ability to identify with Bluelight's clients' goals and dedicate yourself to delivering on the commitments you and your team make to them. - Ability to work through new and difficult issues and contribute to libraries as needed. - Ability to create and maintain continuous integration and delivery of applications. - A positive mindset and a can-do attitude. - Forensic attention to detail. Company Benefits - Competitive salary and bonuses, including performance-based salary increases. - Generous paid-time-off policy - Flexible working hours - Work remotely - Continuing

education,training, conferences - Company-sponsored coursework, exams, andcertifications Being a software consultant is a fun, challenging,and rewarding career choice for engineers. Your contributions arehighly valued by clients, and the work you do often has a directand significant impact on the client's business. You will have thechance to work on a variety of projects for our incredible clients,which will help you quickly improve as a consultant and softwareengineer. You will get to work with modern languages and frameworksalongside some of the best developers in the world! So if you havethe desire to be a part of an exciting, challenging, rapidlygrowing software consultancy, please apply.
