

# Colombia Jobs Expertini®

## Principal Consultant, CS&CC (Principal Level)

[Apply Now](#)

Company: ERM

Location: Bogotá

Category: other-general

As part of the continued growth and innovation of our **Corporate Sustainability & Climate Change** service area, ERM has an opportunity for an experienced leader to join our global consulting firm as a **Principal Consultant Colombia** and become a true owner and shareholder in a business with **Sustainability** at its heart.

### About the Corporate Sustainability & Climate Change Service Area

ERM helps its clients tackle the challenge of the low carbon energy transition at local, regional, and global levels, through tailored solutions that leverage a wide range of business and technical consulting capabilities. By combining proven processes and systems with advanced technology and experienced professionals, we help clients integrate sustainability and climate change into the fabric of their organizations to unlock business value.

ERM is structured to encourage collaboration and networking among regional offices, providing opportunities to network with our national technical team and corporate sustainability & climate change experts to share best practices, access the best talent, and partner on consulting opportunities. With a proven track record excelling within complex and challenging project parameters, our outstanding work has led our clients to trust us with their most challenging sites across the globe.

### Who you'll work with

You will be based in our Colombia office as part of ERM's Corporate Sustainability & Climate Change Northern LAC (Colombia, Guyana, Mexico) team.

Corporate Sustainability & Climate change is a team of management consultants focused on helping companies to create long-term value by managing the opportunities and mitigate

the risks posed by low carbon economy transition and other sustainability issues.

Corporate Sustainability & Climate Change is a service with a unique blend of strategic, operational, data & analytics and technical expertise and knowledge. The team works across all financial and corporate sectors, including Mergers & Acquisitions. At ERM, regardless of the sector in which you work, you will get the opportunity to work with multi-disciplinary teams and in different business environments.

### **What you'll do**

Work in a fast growing and entrepreneurial team of consultants.

Support client projects, business development and developing knowledge and assets within the field of sustainability and low carbon economy transition.

Help clients across the financial and corporate sectors solving challenges in the field of, but not limited to, ESG, sustainability strategy development and execution, sustainability ambition and target setting, sustainable finance, low carbon economy transition, climate change, performance and impact measurement and sustainability reporting.

Performance benchmarking, review/analyze corporate activities.

Provide recommendations to improve sustainability performance, develop trainings and tools to implement the recommendations, prepare client reports and presentations.

Support the team with developing client ready proposals, preparing sales pitches and other business activities to grow ERM's ESG, Corporate Sustainability, LCET & Climate Change service in the financial and corporate sector.

Provide your knowledge and insights to develop assets to support our clients with managing their business opportunities and risks associated with climate change and other sustainability issues.

### **You'll bring (experience and qualifications)**

10+ years of relevant experience in relevant corporate sustainability, sustainability & climate change management, sustainable finance and/or ESG data & analytics context.

Experience in strategy and/or management consulting.

Excellent analytical, problem-solving and report writing skills.

Excellent advisory and business development skills.

Master's or PhD degree in business, economics, finance, environmental science or similar is desirable.

Hands-on and outstanding interpersonal and communication skills to interact with internal and external stakeholders while working in an international collaborative team environment.

Fluent in Spanish and English (spoken/written).

Experience in LCET risks mitigation and other Sustainability issues.

**Background:**

Since establishing our first local presence in the LAC region in 1990's, ERM has enjoyed steady growth and today we employ circa 400 employees in the region. We have offices in Argentina, Peru, Colombia, Mexico, Guyana, and Brazil.

We are committed to the LAC market, and we have been building consulting teams with world-class skills in the areas of environmental, sustainability and social consulting for over 20 years. ERM has a solid client base in the oil and gas, manufacturing and chemical sectors and we have been collaborating very closely with our clients, supporting them through challenging times, as we remain committed to this fascinating sector. Increasingly our clients are investing in the local market and to support their growth needs, ERM is expanding our footprint in this region. We are now looking for a strong client and market leader who shares our passion and commitment to this sector to join us.

As the largest global pure play sustainability consultancy, we partner with the world's leading organizations, creating innovative solutions to sustainability challenges, and unlocking commercial opportunities that meet the needs of today while preserving opportunity for future generations.

We also see our diversity as a strength that helps us create better solutions for our clients.

Our diverse team of world-class experts supports clients across the breadth of their organizations to operationalize sustainability, underpinned by our deep technical expertise in addressing their environmental, health, safety, risk, and social issues. We call this capability our "boots to boardroom" approach for its comprehensive service model that allows ERM to develop strategic and technical solutions that advance objectives on the ground or at the executive level.
