Principal Geologist

[Apply Now](#)

Company: Trafigura Group

Location: Colombia

Category: life-physical-and-social-science

Main Purpose:

Trafigura Mining Group (TMG) handles Trafigura operational mining assets, conducts technical due diligences and provides technical support to internal and external collaborators. The group is geographically located in several offices in Europe, North America, South America, Asia and Oceania. TMG is now looking for a Principal Geologist to join our Technical Support Team. The Principal Geologist will have the opportunity to conduct due diligence for internal collaborators and support the various trading desks. This collaborator will be working as part of our team of metallurgists, mining engineers and geologists currently located in Brisbane, Shanghai, Moscow, Seville, Johannesburg and Windhoek. This position will be based in the Trafigura Bogota office.

Knowledge Skills and Abilities, Key Responsibilities:

KEY RESPONSIBILITIES:

- Compile and/or audit Mineral Resource Statements of our mines or projects.
- Provide hands-on technical aid including mentoring and training staff when required
- Perform high-level 3D mine design and planning for assessment of Mineral Resource prospects for eventual economic extraction.
- Provide inputs in financial evaluation of mineral projects in terms of resources and exploration potential and costs.
- Carry on project site visits and interactions with and/or management of external consultants.

- Provide written input to due diligence reports based on review of geology and mineral resources

- Conduct project risk assessments and mitigation.

REQUIREMENTS:

- Proficient in 3D Mineral Resource modelling and estimation and theoretical and applied technical knowledge in Mineral Resource Management fields: Geology, Survey, Mine Planning, Metallurgy and Processing (familiarity with Micromine software is an advantage).

- Experience in project due diligence.

- Proficiency in project risk profiling and mitigation.

- Ability to work independently within our multi-discipline technical team.

- Strong review and report writing skills are required.

- Project Management with a strive to meet timelines.

- High level in both Spanish and English.

- BSc (Hons) Geology Degree is a must.

- Professional registration with professional body to be recognised as a proficient Person.

- Minimum 5 years of validated experience in exploration geology and/or mining geology.

Key Relationships and Department Overview:

Reporting to the Head of Technical Support.

We are an Equal Opportunity Employer and take pride in a diverse workforce. We do not discriminate in recruitment, hiring, training, promotion or other employment practices for reasons of race, colour, religion, gender, sexual orientation, national origin, age, marital or veteran status, medical condition or handicap, disability, or any other legally protected status.

About Us

At the heart of global supply, Trafigura connects vital resources to power and build the world. Through our Metals and Minerals, Oil & Petroleum Products and Gas, Power and Renewables, commercial divisions, we use infrastructure, logistics and financing to connect producers and consumers, using our deep understanding of the markets we serve to make supply more efficient, secure and sustainable.

We are accelerating our investments in renewable energy, including hydrogen, ammonia and other low-carbon energy technologies required for the transition to a lowcarbon future.

We are committed to responsible business practices and we work with our stakeholders to improve environmental and social standards, bringing greater trust and transparency to global supply chains.

A career at Trafigura offers a gateway to working on some of the most exciting challenges of a rapidly changing world – from helping to optimise supply chains to developing infrastructure and new markets. In a culture that is founded on openness and energy, our people work as part of a multinational, globally connected team and thrive in a fast-paced environment where they can nurture and commercialise bold ideas. Everyone has a voice and is empowered to collaborate across geographies and disciplines to help shape our business and the wider world. We know the importance and value of diversity in our business and we invest in attracting, developing and retaining talent from all backgrounds. Founded in 1993, Trafigura is one of the largest independent employee-owned commodities groups in the world with over 12,000 people working across more than 60 offices. The Trafigura Group owns global multi-metals producer Nyrstar; fuel storage and distribution company Puma Energy; and joint ventures Impala Terminals, a port and logistics provider, and Nalo Renewables, investing in wind, solar and battery storage projects.
