QA Engineer - Remote, Full-Time

[Apply Now](#)

Company: Bluelight Consulting

Location: Cartagena

Category: architecture-and-engineering

Bluelight Consulting is a leading software consultancy seeking a skilled QA Engineer to join our fast-growing team. Our mission is to design and develop technology that improves the lives of its users while providing an exceptionally high level of service to our clients. We are looking for a QA Engineer who wants to be part of a fast-paced, dynamic environment, where everyone's opinions and efforts are valued. We hire outstanding individuals and allow them to thrive in a collaborative atmosphere that values learning, growth, and hard work. Our team is distributed across the United States and Central / South America. If you have the desire to be a part of an exciting, challenging, and rapidly growing software development consultancy, and if you are passionate about software development and creating the finest apps in the marketplace, please apply below.

What We Are Looking For:

- 4+ years of experience in testing Web Products.
- Solid knowledge and working experience with testing tools.
- Strong ability in the development of test plans: creation of test cases, definition of strategies, and identifying high-risk areas.
- Design, develop, and execute automation scripts.
- Provide exhaustive and detailed documentation on bug reports, test cases, and automation tools used, among others.
- Establish excellent QA practices that provide insight and solutions that can be transferred to other technical teams of the organization.
- Ability to take extreme ownership over your work. Every day is a challenge to ensure you are performing to the expectations you and your team have agreed upon, both regarding estimates and the general process.
- Ability to identify with Bluelight's clients' goals and dedicate yourself to delivering on the commitments you and your team make to them.
- A positive mindset and a can-do attitude.
- Forensic attention to detail.

Company Benefits - Competitive salary and

bonuses, including performance-based salary increases - Generous paid-time-off policy- 100% remote work. - Continuing education, training, conferences -Company-sponsored coursework, exams, and certifications Being a software consultant is a fun, challenging, and rewarding career choice for engineers. Your contributions are highly valued by clients, and the work you do often has a direct and significant impact on the client's business. You will have the chance to work on a variety of projects for our incredible clients, which will help you quickly improve as a consultant and QA specialist. You will get to work with modern technologies alongside some of the best developers in the world! So if you have the desire to be a part of an exciting, challenging, rapidly growing software consultancy, please apply. #LI-Remote #J-18808-Ljbfrr
