

Colombia Jobs Expertini®

React Developer

[Apply Now](#)

Company: Neostella

Location: Bogotá

Category: computer-and-mathematical

At Neostella, we take a customer-centric approach and use cutting-edge technologies to deliver solutions to meet the unique needs of our clients' business. We show them how hyperautomation can free up time to focus on higher impact work and take their business to the next level. In order to continue our growth, we are seeking a React Developer! By joining our team, you'll work in a fast-paced, rapidly growing, startup environment. The ideal candidate will be responsible for designing, developing, testing, and debugging responsive web applications for the company. Using, React Js, JavaScript, HTML, and CSS, this candidate will be able to translate user and business needs into functional frontend design. This role requires a passion for hyperautomation and a mentality of starting with the client in mind first. The growth potential and opportunities here are endless and we want you to be a part of our journey. Curious what your day would look like as a React Developer? Check out the details below!

Key Responsibilities:

Designing, developing, and testing UI for web applications

Building reusable code and libraries for future use

Accurately translating user and business needs into functional frontend code

Requirements

3+ years of experience in the Software Development Industry

Experience using ReactJS is required

Experience with Javascript is required
