

## Sales Performance Training Instructor

[Apply Now](#)

Company: Oracle

Location: Bogotá

Category: business-and-financial-operations

Responsible for delivering training on Oracle methodologies or product/solutions to sales and sales consulting personnel. Ensures successful delivery of training engagements with a high level of satisfaction. Provides sales or Oracle domain expertise in one or more skills or solution areas. Work with Sales, Product Marketing, Product Development and other counterparts to facilitate training content development and delivery. Become the knowledge expert on areas of delivery.

Career Level - IC3

Facilitate meeting or exceeding customer satisfaction targets by delivering quality training in classroom environments and or over the Web. Maintain deep knowledge and skill level while demonstrating expertise for all designated topics, plus additional, complementary topics and/or best practices. Articulate at a granular level a respective concept or solution's vision, capabilities, business value during offerings to both sales and sales consulting audiences. Consult/work with Subject Matter Experts, Sales Performance Designers, etc., in order to deliver the material in an effective and engaging way. Provide analysis and feedback on training events to program teams or management regarding training results. Meet or exceed utilization expectations. Successfully manage the training environment while reporting and resolving issues. Acts as a consultative resource to field personnel based on expertise and experience. Apply real-world examples from own job experience to assist in the learning process. May pilot/introduce new training technology or techniques.
