## SAP Extended Planning Analytics - xP&A Senior Consultant

[Apply Now](#)

Company: SAP

Location: Bogotá

Category: life-physical-and-social-science

### **We help the world run better**

Our company culture is focused on helping our employees enable innovation by building breakthroughs together. How? We focus every day on building the foundation for tomorrow and creating a workplace that embraces differences, values flexibility, and is aligned to our purpose-driven and future-focused work. We offer a highly collaborative, caring team environment with a strong focus on learning and development, recognition for your individual contributions, and a variety of benefit options for you to choose from. Apply now!

### **What you'll do**

As an SAP Extended Planning Analytics - xP&A Senior Consultant, you will:

Advise customers end-to-end on strategic (Planning / Profitability & Performance) processes, and occasionally lead sub-project teams.

Define and implement the best solutions for financial, marketing, sales, HR, supply chain planning, and traditional Enterprise Profitability & Performance Management (PaPM), with an emphasis on efficiency, scalability, and performance.

Understand SAP Best Practices and translate customer goals into an adequate roadmap design, including new functionalities and support.

Support the development and execution of Innovation Roadmaps, and assist customers in achieving a state-of-the-art Innovation Roadmap.

Be actively involved in the planning, realization, and deploying of SAP Planning /

Profitability implementation projects.

Demonstrate expert knowledge of modeling standards and tools, and act as a Functional Architect on complex implementations.

Support consulting and license pre-sales opportunities.

### **What you bring**

As an ideal candidate, you should have:

At least 7 years' experience in SAP applications consulting, including multi-country strategic financial and/or analytics solutions.

At least six completed full cycle implementations / project participations.

2-3 years' experience in SAP (as a key user or consultant), including at least 1 year of SAP Solutions: SAC-Planning, SAP Profitability and Performance Management or Business Planning and Consolidation (BPC) experience.

Strong teamwork, communication, and problem-solving skills, alongside a strong executive presence and leadership abilities.

In-depth understanding of industry specific business processes.

Fluency in Spanish (native desirable) and English (minimum B2 level); Portuguese is a bonus.

Knowledge of SAP Activate - Agile Methodology for implementation.

SAP Certifications such as BPC, SAC, SAC-Planning are considered a significant advantage.

Implementation experience of SAP Analytics tools, like SAC, Datasphere or BW is a plus.

### **Meet your team**

You will be part of our rapidly expanding Analytics & Insights team, operating at the cutting edge of cloud technology as part of the SAP Business Technology Platform (BTP). Our team's responsibility is to implement SAP Analytics solutions, utilizing SAP best practices, business content, procedures, and recommendations to drive growth and success. Your role as a senior consultant will be crucial in leading this implementation and contributing to team and customer success.
