Colombia Jobs Expertini®

Senior C++ Software Engineer

Apply Now

Company: SoftServe

Location: Colombia

Category: computer-and-mathematical

WE ARE

SoftServe is a global digital solutions company, headquartered in Austin, Texas, founded in 1993 in Ukraine. Our associates are working on 2,000+ projects with clients in the USA, Europe, and the APAC region. We are about people who create bold things, make a difference, have fun, and love their work.

Our client is an enterprise company that offers an industry-leading portfolio of technology innovations. With networking, security, collaboration, cloud management, and more, they help to connect industries and communities securely. Our team will be a part of the client's team that integrates network intrusion detection systems in the new generation firewall.

IF YOU ARE

A professional C++ Engineer with around 6 years of experience

Knowledgeable of STL containers

Experienced with Unix/Linux OS; networking (TCP/IP) technologies

Confident in full stack development under network and stack troubleshooting using tools such as Wireshark

Showing hands-on experience with a command-line interface

Proficient in a Version Control System (GitHub, Bitbucket)

Experienced with Docker user

Understanding of scripting and building environments

Knowledgeable of the fundamentals of at least one major scripting language, and one IDE

Proficient in an Open Systems Interconnection (OSI) model – levels and corresponding protocols

Knowledgeable of MAC and IP addresses, port, host, process, kernel/user process

Possessing hands-on experience with Agile/Scrum methodology

AND YOU WANT TO

Work with Unix/Linux and Networking (TCP/IP) technologies

Develop the next generation of products in a security area

Identify and address the root cause of issues

Drive the problem from its definition to successful completion

Work with a professional team to propose and implement own solutions

Collaborate in a platform integration.

TOGETHER WE WILL

Establish trust and build relations with many stakeholders

Have a friendly and mature team

Propose and implement solutions

Support your technical and personal growth – we have a dedicated career plan for all roles in our company

Share many other advantages: modern office, benefits package, language classes

Empower you to scale your expertise with others by joining the Mentoring Program
