Company: Amadeus

Location: Bogotá

Category: computer-and-mathematical

Job Title

Senior Data Engineer

Kambr, a subsidiary of Amadeus, provides Revenue Management software for airlines

Summary of the role:

Responsible for designing, building, and maintaining data processing systems.

In this role you'll:

- **Designing, building, and maintaining large-scale data pipelines, data warehousing/lake in a cloud environment.**
- **Have solid understanding of data architecture, data modelling and data integration principles.**
- **Collaborate with cross-functional teams to identify and implement solutions to complex data problems.**
- **Implement ETL processes to integrate data from various sources and formats, transform and load data into a centralized data repository/store/lake.**
- **Develop and maintain automated data quality checks and data governance processes.**
- **Optimize database systems for performance, scalability, and reliability.**
- **Strong programming skills in languages like Python with experience in big data frameworks**
- **Have abilities to develop common frameworks, common modules for data ingestion.**

• Have abilities to develop automated data quality and data governance mechanisms in the data ingestion processes.

About the ideal candidate:

Experience with Google Cloud Platform (GCP) for data ingestion (ideally Dataflow or Beam)

Experience in developing Exceptions and Alerting models for data quality.

Proficiency in SQL and database query optimization.

Familiarity with DevOps practices and tools such as Docker and Git (Terraform and Kubernetes is a plus).

Excellent problem-solving skills, with the ability to work in a fast-paced, collaborative environment.

What we can offer you:

Get rewarded with competitive remuneration, individual and company annual bonus, vacation and holiday paid time off, health insurances and other competitive benefits.

Work from anywhere: onsite, hybrid or fully remote.

Professional development to broaden your knowledge and enhance your skills with on-line learning hubs packed with technical and soft skills training that allow you to develop and grow.

Enter a diverse and inclusive workplace, join one of the world's top travel technology companies and take on a role that impacts millions of travelers around the globe.
