

Senior Data Engineer - Remote

[Apply Now](#)

Company: Vibo Capital

Location: Cali

Category: computer-and-mathematical

At Vibo Capital, we're seeking an experienced data engineer to join our team. As a SQL Data Engineer, you'll play a pivotal role in transforming raw data into actionable insights, building efficient data systems, and aligning them with our business goals. The ideal candidate will possess strong analytical skills, a solid foundation in programming languages such as Java and Python, and hands-on experience with SQL database design. If you're detail-oriented, possess excellent organizational skills, and have a proven track record in the field, we're excited to hear from you.

Key Responsibilities:

Analyze and organize raw data to extract meaningful insights.

Build and maintain data systems and pipelines to ensure efficient data flow.

Evaluate business needs and objectives to align data systems accordingly.

Interpret trends and patterns within data sets to inform decision-making processes.

Conduct complex data analysis and generate comprehensive reports on results.

Prepare data for prescriptive and predictive modeling to drive business strategies.

Build algorithms and prototypes to enhance data processing and analysis capabilities.

Combine raw information from various sources to enrich data sets.

Explore methods to enhance data quality and reliability for improved decision-making.

Identify opportunities for data acquisition to support business objectives.

Develop analytical tools and programs to streamline data processes.

Qualifications:

Experience: 4-5 years of previous experience as a data engineer or in a similar role.

Technical Expertise: Proficiency with data models, data mining, and segmentation techniques.

Programming Languages: Strong knowledge of programming languages such as Java and Python.

SQL Database Design: Hands-on experience with SQL database design is essential.

Analytical Skills: Great numerical and analytical skills to interpret complex data sets.

Education: Bachelor's degree in Computer Science, IT, or a related field; a Master's degree is a plus.

English C1+ proficiency required

Why Join Vibo Capital:

Be a driving force in contributing to the success of an innovative company that thrives on pushing boundaries and redefining the future of real estate private equity.

Immerse yourself in an atmosphere of infectious energy, where passion and creativity collide to foster a collaborative and high-energy work environment.

At Vibo Capital, we believe in the growth of every team member contributing to the overall success of the company.

Compensation:

\$3,000-3,500 monthly based on experience

Type of contract: Independent contractor

This is a **remote position** offering the flexibility to contribute to Vibo Capital's success from anywhere.

Join us, and let's conquer the world of real estate together.
