WE ARE

SoftServe isn't just about technology — it's about open-minded people who love technology and have everything they need to pursue their passion to create innovation. SoftServe is a global digital service and consulting company founded in 1993. We're working on 2,000+ projects with clients in the USA, Europe, APAC, and LATAM regions.

Our mission is to be a valuable partner for our clients (from start-ups to large enterprises) who represent different domains, like, health care, retail, enterprise, automotive, or education.

Our DevOps Practice Community in LATAM is part of the Global Critical Services Center of Excellence (CoE). We participate in different private and public cloud-oriented projects of different sizes and scales. This includes enterprise-scale migrations, designing and developing cloud-native applications, working with the latest and trending technologies, and spreading expertise and DevOps culture across the organization.
