Company: Thirdera

Location: Bogotá

Category: business-and-financial-operations

Thirdera is looking for highly skilled **Senior Project Manager** to join our **LATAM Team!**

What is Thirdera ?

Thirdera is a global services provider that uses ServiceNow to help enterprises unlock their business and customer workflows in the cloud through digitization and automation. Thirdera brings together the power of the ServiceNow platform and its limitless potential across the world of work. Our architects, developers, consultants, designers, and project managers help our customers transform, get more from ServiceNow, and unlock hidden potential. We are ushering in the next era of transformation, digitization, automation, and partner expectation, all with and at the speed of NOW.

Your Mission

Your mission will be to build positive relationships with clients by assessing their needs, identifying their requirements, and developing cohesive projects that improve their business operations with more efficient procedures and systems.

You will need to analyze business data in order to assess situations, assign tasks to each team member and solve problems as they arise.

What's in it for you?

We offer a fun, highly engaging and unique culture. You'll get the best learning and career experience from day 1, by being able to work with ServiceNow Experts, access certifications and accreditations and the opportunity to grow in the ServiceNow practice.

You'll be empowered to work for top-of-the-line companies and amazing partners, while having

fun at it!

Who are we looking for?

Talented Project Managers, passionate about technological solutions; strong communicators who are comfortable working with different teams and have excellent organization and time management skills. We're looking for creative people, who think outside the box and strive to learn new things and share knowledge with their teammates; in one sentence, people who lead by example.

Requirements:

Software engineer, Electronic Engineer, Systems technician, technologist, or related Education Certificate.

SCRUM Master or PMP Certifications are a BIG plus.

Experience with Agile Methodologies is strongly preferred.

Minimum of 5 years of experience working in Project Management, ideally for large ITSM implementations.

PM experience with application development projects.

Experience working as a direct point of contact with external, English speaking clients.

Experience working in Bilingual Environments.

Able to take control of the project by him/herself.

Able to speak up and bring ideas and opinions to client when needed.

Very proactive.

Experience with risk management.

Salary Range

Welcome to Pay for Performance! We provide competitive compensation, generous benefits, and a professional and culturally diverse work environment. Work-life balance is very important to us so our job opportunities allow for remote working and flexible schedules so you can manage your own time.

Application and Selection Process

A phone screen with our Talent Acquisition team to validate your experience and expectations for new opportunities.

A technical test and interview with our Service Delivery professionals to measure your skills.

A standard Background and Work Reference Check.

If all above goes well, you will get an offer.
