Senior Salesforce Developer - Colombia

[Apply Now](#)

Company: VRP Consulting

Location: Colombia

Category: computer-and-mathematical

Job Description

We're looking for a talented and motivated Salesforce Developer to join our constantly growing international delivery teams. Be part of something huge!

At VRP Consulting, you'll have the chance to work on cutting-edge projects with some of the brightest minds in the Salesforce industry. You'll also be part of a collaborative and supportive team that's committed to helping you grow.

So if you're looking for a company working on solutions that empower more than 150,000 businesses worldwide, and are excited to work on a mission-critical project that only a few people in the world had the chance to do - apply now!

Responsibilities:

- Salesforce configuration and automation of processes with Salesforce flow and process builder

- Salesforce platform development and deployment

- Coding and development according to current industry standards and best practices

- Sustaining and expanding on the relationship with various clients

- Identifying internal strategies in order to grow the Salesforce based products both in-house and off-site

Management and development of custom solutions for internal use and for client's projects

Improvement of existing functionalities to enhance the experience and customer satisfaction

Close collaboration with QA team with identification of possible bugs encountered

Creating/designing and managing client community pages

Ownership of the project work

Qualifications

Requirements:

4+ years of experience in a similar position

Fluent English is a must

Experience participating in projects of various size

Demonstrated ability to handle multiple projects at once

Previous exposure to APEX and LWC

Strong HTML and CSS knowledge

Salesforce Certification, preferably Platform Developer I

Nice to have:

Previous Web design exposure would be a plus

Marketing Cloud experience

Salesforce Certification (i.e. Community Cloud Consultant) would be beneficial

Previous experience with Aura Components

Degree in a relevant field

JavaScript understanding

Additional Information

- Cooperation on B2B contract basis
- Work within US Time-zone
