Senior UX/UI Designer

[Apply Now](#)

Company: Bluelight Consulting

Location: Medellín

Category: computer-and-mathematical

Are you an experienced UX/UI Designer with deep experience developing amazing products? Do you have high standards when it comes to quality, interface design, and user experiences? Are you the best designer on your team? Are you ready to work alongside the best engineers in the world for name-brand, industry-leading companies? As a UX/UI Designer at Bluelight Consulting, you will help our incredible clients achieve their goals in one of two ways: 1) Team Augmentation: You will integrate yourself directly into our client's team and work alongside their existing engineers and designers on a daily basis. 2) Design & Build: You will work on a Bluelight Consulting development team to build and ship greenfield applications for our clients. What We Are Looking For - 5+ years of experience in UX/UI. - Proficient with analysis, troubleshooting, and problem-solving. - Hands-on experience with managing data loads and data quality is a plus. - Ability to take extreme ownership over your work. Every day is a challenge to ensure you are performing to the expectations you and your team have agreed upon, both regarding estimates and the general process. - Ability to identify with Bluelight's clients' goals and dedicate yourself to delivering on the commitments you and your team make to them. - Ability to work through new and difficult issues and contribute to libraries as needed. - A good portfolio to show us your performance. - Advanced English level. Company Benefits - Competitive salary and bonuses, including performance-based salary increases. - Generous paid-time-off policy- Technology / Office stipend - Health Coverage - Flexible working hours - Work remotely - Continuing education, training, conferences- Company-sponsored coursework, exams, and certifications Being a software consultant is a fun, challenging, and rewarding

careerchoice for engineers. Your contributions are highly valued byclients, and the work you do often has a direct and significantimpact on the client's business. You will have the chance to workon a variety of projects for our incredible clients, which willhelp you quickly improve as a consultant and software engineer. Youwill get to work with modern languages and frameworks alongsidesome of the best developers in the world! So if you have the desireto be a part of an exciting, challenging, rapidly-growing softwareconsultancy, please apply. #LI-Remote #J-18808-Ljbfrr
