FullStack is the fastest-growing software consultancy in the Americas. We help organizations like Uber, GoDaddy, MGM, Siemens, and Stanford University build distributed software development teams, and deliver transformational digital solutions. As an employee-first company, we focus on hiring the most talented software designers and developers in the western hemisphere, by creating a positive, respectful, and supportive work environment where they can achieve their greatest potential. We're most proud of: \*Offering life-changing career opportunities to talented software professionals across the Americas. \*Building highly-skilled software development teams for hundreds of the world's greatest companies. \*Having delivered hundreds of successful custom software solutions, which have positively impacted the lives and careers of millions of users. \*Our rating on GlassDoor. \*Our client Net Promoter Score of 68, twice the industry average.

### **The Position:**

We're looking to hire a Senior Identity Management Engineer to join our team. You'll work with our incredible clients in one of two ways:

**Team Augmentation:** You will integrate yourself directly into our client's team and work alongside their existing designers and engineers on a daily basis.

**Design & Build:** You will work on a FullStack product team to build and deliver a product to our clients.

### **What We're Looking For:**

5+ years of professional software development experience.

Proven experience as a Software Engineer with expertise in Go, React, and preferably Java.

Extensive hands-on experience with OAuth , keycloak, Open ID, or other access management solutions with good security practices.

Strong understanding of identity lifecycle management, access control, and security policies.

Advanced English is required.

Experience working on Agile/Scrum teams.

Successful completion of a four-year college degree is required.

Ability to take extreme ownership over your work. Every day is a challenge to ensure you are performing to the expectations you and your team have agreed upon.

Ability to identify with the goals of FullStack's clients, and dedicate yourself to delivering on the commitments you and your team make to them.

### **What We Offer:**

Competitive Salary.

Paid Time Off (vacation, sick leave, maternity and paternity leave, holidays).

100% remote work.

The ability to work with leading startups and Fortune 500 companies.

Health policy with Sura 100% for you and up to 4 primary family members.

English Classes.

Sodexo food card.

Virtual company events each month.

Ample opportunity for career advancement.

Continuing education opportunities.
