

SRE Engineer & Security Software Administrator

[Apply Now](#)

Company: Talan

Location: Bogotá

Category: computer-and-mathematical

Job Description

We are looking a talented SRE Engineer & Security Software Administrator to manage and enhance our client's in-house security solutions, including OAuth 2.0, Token Services, and Public Key Manager.

This role is based in our Malaga office and offers an exciting opportunity to work with a global division dedicated to serving complex and sophisticated corporate and institutional clients. Join us in contributing to a proactive risk culture and advancing equal opportunities for all.

How would be your day to day?

You will be an integral part of our client's Management Team, working on technical solutions for both frontend and backend aspects of our products. You will collaborate closely with the Product Owner to ensure the quality and timely delivery of software following the Bank's corporate standards. Your responsibilities will include:

- Administration and maintenance of security solutions.

- Design, configuration, development, and testing of modules, APIs, Endpoints, and services.

- Optimization and enhancement of software and processes for efficiency.

- Implementation of software quality and security controls.

Monitoring and analysis of service activities.

Qualifications

What we are looking for?

Proficient in Cloud Computing Infrastructure (Openshift, Kubernetes, Docker containers).

DevOps skills with Continuous Integration Experience (CD/CI): GitHub, Jenkins, UrbanCode.

Knowledge of APIs (REST, OpenAPI), Authorization Framework OAuth 2.0, and authentication (OIDC).

Experience with Java (microservices architecture, APIs), Spring Boot, Maven, JavaScript, SQL & NoSQL databases (MongoDB), and Framework testing (Postman).

Familiarity with Agile Tools: Jira, Confluence, Kanban.

B2 level of English and fluency in Spanish.

Additional Information

What do we offer you?

Permanent, full-time contract

Smart Office Pack so that you can work comfortably from home.

Training and career development

Benefits and perks such as private medical insurance, life insurance, lunch and travel cards as part of the flexible remuneration package

Possibility to be part of a multicultural team and work on international projects

Hibrid position based in Málaga, Spain. Relocation is mandatory.

Possibility to manage work permits if necessary

If you are passionate about development & tech, we want to meet you!
