Company: Dev.Pro

Location: Colombia

Category: computer-and-mathematical

Test Engineer – OP0990-02

Are you in Colombia, Argentina, Brazil, Chile, or Costa Rica? Join us as we actively recruit in these locations, offering a comfortable remote environment. We invite a talented Test Engineer with a solid background in manual testing and a keen interest in developing automation skills to join one of the two delivery teams under a brand-new sub-project for our client, an industry-leading payment processing solution provider offering merchant services to over 275,000 businesses in the US. Help us ensure and maintain the highest quality of innovative fintech products that bring value to hundreds of thousands of people.

What's in it for you:

Take an opportunity to develop knowledge and get hands-on with automation testing

Enhance your fintech knowledge and boost your technical expertise across various payment processing business areas

Advance your English skills through continuous communication with US-based teams, stakeholders, and the client

Is that you?

3+ years' experience in manual testing

Experience in automation testing with C# or any other programming language

Knowledge of Client-Server and web-based application structure

Solid experience in REST API testing (Postman)

Expertise with databases (MySQL, PostgreSQL, MongoDB)

Strong knowledge of test design techniques, testing levels, review, and testing requirements

Experience in creating test documentation (test cases, checklists, bug reports)

Upper-Intermediate English level

Desirable:

Experience with Azure or any other cloud provider

Key responsibilities and your contribution

In this role, your key responsibilities will include performing all sorts of manual tests.

However, we also expect the candidate to gradually improve their knowledge of automated testing and develop practical skills in this area, so a strong desire to learn AQA activities is a must.

Ensure product quality and consistent delivery

Create and maintain all related test documentation

Perform various types of testing to confirm product compliance with the requirements

Collaborate with US-based product and engineering Scrum teams

Work together with the team on defining, estimating, and delivering scope on time

What's working at Dev.Pro like?

Dev.Pro is a US-based outsource company with an ambitious and creative mindset that has been delivering superior software products since 2011. Known for its strong human focus, Dev.Pro promotes a work environment that is fair, inclusive, open-minded, and friendly toward people of every race, religion, gender, cultural background, marital/parental status, etc. By joining Dev.Pro, you'll feel what it's like to grow with professionals who support your journey.

Maintain a healthy work-life balance with 30 paid rest days per year to use as holidays/vacation/other on the desired and requested dates

Grow by learning: you have a chance to shift your career path, access English lessons, DP

University educational flows, and other educational initiatives

Make sure the compensation matches your efforts: we provide payments in US dollars and cover overtime hours

Join fun online activities and team-building events

Get continuous remote HR and payroll support
