Who we are

BairesDev is proud to be the fastest-growing company in America. With people on five continents and world-class clients, we are only as strong as the multicultural teams at the heart of our business. To consistently deliver the highest quality solutions to our clients, we only hire the Top 1% of the best talents and nurture their professional growth on exciting projects. We are looking for outstanding ASP.NET Developers to join BairesDev Research & Development Team (R&D). Our R&D team is an essential part of our technology solutions that drive millions in revenue every year, so we only hire the best of the best. Within the team you'll find many different challenges: Data analysis, Machine Learning, Desktop, and web developments are some of the most relevant right now, but in order to drive innovation, you'll notice that new things are coming up every day! The R&D area is undoubtedly the most interesting and challenging area of the entire company, and although BairesDev is conformed of really talented people in general, here you will find professionals with extensive experience and also intellectual and creative levels, far above average. We want people to enjoy the trip. Are you ready?

What You Will Do:

- Develop (analyze requirements, document, and test), MS-SQL server stored procedures, and Web-based applications using ASP and ASP.NET.- Create and maintain complex reports using MS-SQL server Devices and or modifies procedures to solve the most complex technical problems related to computer equipment capacity and limitations, operating time, and form of desired results.- Use SOLID principles in creating maintainable and high-quality code.- Collaborate with product owners to ensure features/changes meet business requirements and fulfill the Degreed strategy.- Work closely with designers, UX, and other developers to gain an understanding of new features, dependencies, and technical details.

Here's what we're looking for:

- 4+ years of practical experience in Web projects, C #, SQL Server, and ASP.NET.- Experience with HTML / CSS and Javascript frameworks.- Experience with MVC.- Experience in development with object-oriented programming is desirable.- Advanced English level.How we do make your work (and your life) easier:

- 100% remote work.- Hardware setup for you to work from home.- Flexible hours - make your schedule.- Paid parental leave, vacation & holidays.- Diverse and multicultural work environment.- An innovative environment with the structure and resources of a leading multinational.- Excellent compensation — well above the market average.- Here, you can grow at the speed of your learning curve.Our people work remotely with a consistent and robust culture promoting diversity and teamwork. To continue being the leading software development company in Latin America, we want to ensure that every BairesDev member gets the best growth and professional development opportunities in a diverse, welcoming, and innovative environment.

Every BairesDev team member brings something unique to our company.

We want to hear your story. Apply now![Profesional Senior1886093827](#)
