Work From Home Fullstack .NET + Angular / R + D

[Apply Now](#)

Company: Bairesdev S.A.

Location: Tunja

Category: computer-and-mathematical

- Work from home fullstack .net + angular / r + d Workfrom home fullstack .net + angular / r + d At BairesDev, we've been leading the way in technology projects for over 15 years. We deliver cutting-edge solutions to giants like Google and the most innovative startups in Silicon Valley. Our diverse 4,000+ team, composed of the world's Top 1% of tech talent, works remotely on roles that drive significant impact worldwide. When you apply for this position, you're taking the first step in a process that goes beyond the ordinary. We aim to align your passions and skills with our vacancies, setting you on a path to exceptional career development and success. We are looking for outstanding Fullstack.NET + Angular Developers to join BairesDev Research & Development Team (R&D). Our R&D team is an essential part of our technology solutions that drive millions in revenue every year, so we only hire the best of the best. Within the team you'll find many different challenges: Data analysis, Machine Learning, Desktop, and web developments are some of the most relevant right now, but in order to drive innovation, you'll notice that new things are coming up every day! The R&D area is undoubtedly the most interesting and challenging area of the entire company, and although BairesDev is composed of really talented people in general, here you will find professionals with extensive experience and also intellectual and creative levels, far above average. We want people to enjoy the trip. Are you ready? What You Will Do: - Architect and develop various services and APIs for the Degree product, developing, coding, testing, and debugging application programs of varying degrees of complexity. - Use SOLID principles in creating maintainable and high-quality code. - Collaborate with product owners to ensure features/changes meet business requirements and fulfill the Degree

strategy. - Work closely with designers, UX, and other developers to gain an understanding of new features, dependencies, and technical details, developing and implementing acceptance tests to ensure that product meets customer requirements and expectations. - Code user interfaces with the latest frontend technologies. - Ensure the high performance of all systems developed. Here's what we're looking for: - 4+ years of experience working as a developer, with practical experience in Web projects, C #, SQL Server. - Experience in developing applications using Angular/.NET technology stack. - Solid experience with HTML, CSS, and writing cross-browser-compatible code. - Experience with MVC. - Experience in development with object-oriented programming is desirable. - Advanced English level. How we make your work (and your life) easier: - 100% remote work (from anywhere). - Excellent compensation in USD or your local currency if preferred - Hardware and software setup for you to work from home. - Flexible hours: create your own schedule. - Paid parental leaves, vacations, and national holidays. - Innovative and multicultural work environment: collaborate and learn from the global Top 1% of talent. - Supportive environment with mentorship, promotions, skill development, and diverse growth opportunities. Join a global team where your unique talents can truly thrive! *IMPORTANT* Don't wait for our email to get started! Apply now and head over to our Applicants Site. We'll guide you to speed up your progress in the next steps of your selection process. Professional Senior 1886110458#J-18808-Ljbffr
