Who we are BairesDev is proud to be the fastest-growing company in America. With people on five continents and world-class clients, we are only as strong as the multicultural teams at the heart of our business. To consistently deliver the highest quality solutions to our clients, we only hire the Top 1% of the best talents and nurture their professional growth on exciting projects. We seek outstanding Junior DevOps to join BairesDev's Research & Development Team (R&D). Our R&D team is essential to our technology solutions that drive millions in revenue annually, so we only hire the best of the best. Within the team you'll find many challenges: Data analysis, Machine Learning, Desktop, and web developments are some of the most relevant right now, but to drive innovation, you'll notice that new things are coming up every day! The R&D area is undoubtedly the most exciting and challenging area of the entire company. Although BairesDev is conformed of talented people in general, here you will find professionals with extensive experience and intellectual and creative levels, far above average.

We want people to enjoy the trip. Are you ready? What You Will Do: - Assist in the infrastructure migration process to IaC (Infrastructure as Code). - Build and deploy monitoring and alerting systems across our entire infrastructure. - Complete migration to CI/CD deployment model. - Support integration projects with 3rd party services (Payment Rails, SMS/Email, KYC, Analytics, etc.). - Build, maintain, and own InfoSec compliance efforts by implementing and enforcing appropriate processes and standards across the organization. Here's what we're looking for: - Experience with SQL and NoSQL Databases. - Experience with Microservices and the Cloud. - Advanced algorithm knowledge. - IT infrastructure knowledge. - Intermediate agile methodologies management. - Strong

understanding of best practices, SOLID principles, CLEAN Code, and scalable solutions. - 2+ years of experience working in DevOps. - Design Patterns knowledge. - Experience developing entire applications from scratch - Experience in automated tests, and CI/CD pipelines. - Strong experience with Version control. - Strong experience with Unit testing, integration testing, and code coverage. - Advanced English Level. How we do make your work (and your life) easier: - 100% remote work. - Hardware setup for you to work from home. - Flexible hours - make your schedule. - Paid parental leave, vacation & holidays. - Diverse and multicultural work environment. - An innovative environment with the structure and resources of a leading multinational. - Excellent compensation — well above the market average. - Here, you can grow at the speed of your learning curve. Our people work remotely with a consistent and robust culture promoting diversity and teamwork. To continue being the leading software development company in Latin America, we want to ensure that every BairesDev member gets the best growth and professional development opportunities in a diverse, welcoming, and innovative environment. Every BairesDev team member brings something unique to our company. We want to hear your story. Apply now!
