- Work from home .net + angular fullstack / research +development Work from home .net + angular fullstack / research +development Who we are BairesDev is proud to be the fastest-growing company in America. With people on five continents and world-class clients, we are only as strong as the multicultural teams at the heart of our business. To consistently deliver the highest quality solutions to our clients, we only hire the Top 1% of the best talents and nurture their professional growth on exciting projects. We are looking for an outstanding .NET + Angular Fullstack to join BairesDev Research & Development Team (R&D). Our R&D team is the essential part of our technology solutions that drive millions in revenue every year, so we only hire the best of the best. Within the team you'll find many different challenges: Data analysis, Machine Learning, Desktop, and web developments are some of the most relevant right now, but in order to drive innovation, you'll notice that new things are coming up every day! The R&D area is undoubtedly the most interesting and challenging area of the entire company, and although BairesDev is conformed by really talented people in general, here you will find professionals with extensive experience and also intellectual and creative level, far above average. We want people to enjoy the trip. Are you ready? What You Will Do: - Architect and develop various services and APIs for the Degreeed product, developing, coding, testing, and debugging application programs of varying degrees of complexity. - Make architectural decisions keeping the future of a growing business in mind. - Collaborate with product owners to ensure features/changes meet business requirements and fulfill the Degreeed strategy. - Work closely with designers, UX, and other developers to gain an understanding of new features, dependencies, and technical details, developing and

implementing acceptance tests to ensure that product meets customer requirements and expectations. - Ensure the high performance of all systems developed. - Be able to manage your time effectively to focus on coding as well as supporting junior members. (You do not need to be a superhero, but it is crucial to handle both sides). Here's what we're looking for: - 4+ years of experience working as a developer, with practical experience in Web projects, C #, SQL Server. - Experience in developing applications using Angular/.NET technology stack. - Solid experience with HTML, CSS, and writing cross-browser compatible code. - Experience with MVC. - Experience in development with object-oriented programming is desirable. - Advanced English level. How we do make your work (and your life) easier: - 100% remote work. - Hardware setup for you to work from home. - Flexible hours - make your schedule. - Paid parental leave, vacation & holidays. - Diverse and multicultural work environment. - An innovative environment with the structure and resources of a leading multinational. - Excellent compensation — well above the market average. - Here, you can grow at the speed of your learning curve. Our people work remotely with a consistent and robust culture promoting diversity and teamwork. To continue being the leading software development company in Latin America, we want to ensure that every BairesDev member gets the best growth and professional development opportunities in a diverse, welcoming, and innovative environment. Every BairesDev team member brings something unique to our company. We want to hear your story. Apply now! Profesional Senior 1886074879#J-18808-Ljbfrr
