Company: Bairesdev S.A.

Location: Colombia

Category: architecture-and-engineering

Who we are BairesDev is proud to be the fastest-growing company in America. With people on five continents and world-class clients, we are only as strong as the multicultural teams at the heart of our business. To consistently deliver the highest quality solutions to our clients, we only hire the Top 1% of the best talents and nurture their professional growth on exciting projects.

We are looking for a Product Owner to join our Product Team and help spearhead our growth.

As a Product Owner, you will play a critical and active role in the day-to-day operations.

This is an excellent opportunity to be one of the key members of our Product Team and position yourself for unique career growth opportunities.

What You Will Do:

- Create and maintain robust product roadmaps and backlogs, and create features, epics, and user stories. Work with development teams to size and estimate.
- Attend daily scrums to resolve any product roadblocks, answer questions about stories, and validate done stories.
- Report status to stakeholders on a regular basis through product demos, as well as risks and opportunities.
- Support the sales process and build business cases to ensure product investment.
- Assist with analysis and market research as needed to define a product and assist customers.
- Works in multiple phases and multiple projects across a singular client

- Manage the continuous improvement of the product.
- Contribute to establishing and managing the Product Management process.
- Recognize business opportunities and resolve them through technical expertise.
- Be the mediator for the requirements of internal and external clients.
- Manage control and monitoring tools.
- Manage risks and problems.
- Ensure the quality of the products.

Here's what we're looking for:

- Solid experience in similar roles.
- 2 + years of experience as an Agile Product Owner.
- 2+ years of experience in business analysis: capturing functional requirements, and understanding user pain points.
- Additional experience as a project manager or software developer is preferred.
- Product development experience, from design to testing.
- Previous experience learning existing products as well as building them from the ground up.
- Results-oriented with negotiation skills and good communication.
- Advanced English level.

How we do make your work (and your life) easier: - 100% remote work. - Hardware setup for you to work from home. - Flexible hours - make your schedule. - Paid parental leave, vacation & holidays. - Diverse and multicultural work environment. - An innovative environment with the structure and resources of a leading multinational. - Excellent compensation — well above the market average. - Here, you can grow at the speed of your learning curve.

Our people work remotely with a consistent and robust culture promoting diversity and teamwork. To continue being the leading software development company in Latin America, we want to ensure that every BairesDev member gets the best growth and professional development opportunities in a diverse, welcoming, and innovative environment. Every BairesDev team member brings something unique to our company. We want to hear your story. Apply now!
