- Work from home semi senior java developer Work fromhome semi senior java developer

At BairesDev, we've been leading the way in technology projects for over 15 years. We deliver cutting-edge solutions to giants like Google and the most innovative startups in Silicon Valley. Our diverse 4,000+ team, composed of the world's Top 1% of tech talent, works remotely on roles that drive significant impact worldwide. When you apply for this position, you're taking the first step in a process that goes beyond the ordinary. We aim to align your passions and skills with our vacancies, setting you on a path to exceptional career development and success. Being a Semi Senior Java Developer in our Development Team is just like being a full-time problem solver. We expect your abilities to be a combination of experience, knowledge, and independence. Innovation is also at the heart of the BairesDev strategy. So, if you were willing to take on the most complex tasks and be a master of your tech stack, Java, then you are probably one of those unique we're looking for.

What You Will Do:

- Work with software development teams to gather requirements and ensure best practices adhere.
- Design, Implement & Support solutions for application development, security, analytics, and performance management.
- Conform to existing industry and Verizon security coding standards adhering to fortify scan and other security tool review requirements.
- Conduct code reviews for junior members of the team and do peer code reviews to make sure the code is following standards set forward by the architects.
- Run test scripts against code to ensure quality delivery.
- Resolve code issues with urgency.

Here's what we're looking for:

- 3+ years of experience in Java.
- Experience with SQL and NoSQL Databases.
- Experience with Microservices and the Cloud.
- Advanced

algorithm knowledge. - IT infrastructure knowledge. - Intermediate agile methodologies management. - Strong understanding of best practices, SOLID principles, CLEAN Code, and scalable solutions. - Design Patterns knowledge. - Experience developing entire applications from scratch. - Experience in automated tests, and CI/CD pipelines. - Strong experience with Version control. - Advanced English level. How we make your work (and your life) easier: - 100% remote work (from anywhere). - Excellent compensation in USD or your local currency if preferred - Hardware and software setup for you to work from home. - Flexible hours: create your own schedule. - Paid parental leaves, vacations, and national holidays. - Innovative and multicultural work environment: collaborate and learn from the global Top 1% of talent. - Supportive environment with mentorship, promotions, skill development, and diverse growth opportunities. Join a global team where your unique talents can truly thrive! *IMPORTANT* Don't wait for our email to get started! Apply now and head over to our Applicants Site. We'll guide you to speed up your progress in the next steps of your selection process. Professional Senior 1886110360 #J-18808-Ljbfrr
