Work From Home Software Tester (QA) / R + D

[Apply Now](#)

Company: Bairesdev S.A.

Location: Risaralda

Category: computer-and-mathematical

- Work from home software tester (qa) / r + d Workfrom home software tester (qa) / r + d Who we are BairesDev is proud to be the fastest-growing company in America. With people on five continents and world-class clients, we are only as strong as the multicultural teams at the heart of our business. To consistently deliver the highest quality solutions to our clients, we only hire the Top 1% of the best talents and nurture their professional growth on exciting projects. We are looking for outstanding Software Testers (QA) to join BairesDev Research & Development Team (R&D). Our R&D team is an essential part of our technology solutions that drive millions in revenue annually, so we only hire the best of the best. Within the team you'll find many different challenges: Data analysis, Machine Learning, Desktop, and web developments are some of the most relevant right now, but in order to drive innovation, you'll notice that new things are coming up every day! The R&D area is undoubtedly the most exciting and challenging area of the entire company, and although BairesDev is conformed of really talented people in general, here you will find professionals with extensive experience and also intellectual and creative levels, far above average. We want people to enjoy the trip. Are you ready? What You Will Do: - Analyze end-user requirements to define and document test plans. - Execute test cases, debug, detect errors and/or possible improvements, document them, and follow up to be resolved. - Generate reports of test results and errors detected. - Define priorities and plan tests of system requirements. - Document the functionalities of the systems. - Represent the end-user to the developers to ensure that the requirements are met. - Detect and propose improvements in both the quality control process and the software development cycle. Here's what we're looking for: - 4+ years of

experience in testing Web Products. - Solid knowledge of testing tools. - Development of test plans: the creation of test cases and debugging. - Additional knowledge in Web technologies. - Extensive knowledge of Unix and Linux environments. - Advanced English level. How we do make your work (and your life) easier: - 100% remote work. - Hardware setup for you to work from home. - Flexible hours - make your schedule. - Paid parental leave, vacation & holidays. - Diverse and multicultural work environment. - An innovative environment with the structure and resources of a leading multinational. - Excellent compensation — well above the market average. - Here, you can grow at the speed of your learning curve. Our people work remotely with a consistent and robust culture promoting diversity and teamwork. To continue being the leading software development company in Latin America, we want to ensure that every BairesDev member gets the best growth and professional development opportunities in a diverse, welcoming, and innovative environment. Every BairesDev team member brings something unique to our company. We want to hear your story. Apply now! Profesional Senior 1886007542 #J-18808-Ljbfrr
