- Work from home work from home site reliability engineer Work from home work from home site reliability engineer Do you enjoy helping organizations build teams, establish innovative engagement models, and work with high-performing, talented people? Do you want to help a new venture capital & marketing lead generation ecosystem realize tremendous success? Do you understand the B2B sales journey and have the insight to support startups pursuing leads? If you do, we have the perfect job opportunity for you! Site Reliability Engineer at WinDifferent In the Site Reliability Engineer position, use your skills to administer and provide support for the company's infrastructure hosted in the cloud, AWS. Use your skills to manage CI/CD workflows, automated deployment processes, and optimize cloud infrastructure. You'll contribute significantly to improving system scalability and reliability, playing a key role in our strategy and implementation. What you will do: - Ensure high service availability, performance, security, and maintainability. - Implement CI/CD pipelines to automate deployments. - Automate tools to reduce the repetitiveness of processes using scripting. - Assess new cloud providers. - Create and maintain technical documentation for existing and new processes and policies. - Perform troubleshooting on everything from software to hardware to cloud resources Here's what we are looking for: - 3+ years of experience in AWS as DevOps or System Administrator with Terraform. - 4+ Linux experience either as DevOps or System Administrator. - Familiarity with CI/CD pipelines. - Experience deploying services to Kubernetes and using Docker or docker-compose for testing. - Proven experience with APIs and WebServices. - Advanced knowledge of algorithms and data structures. - Basic IT infrastructure knowledge. - Experience in designing

and implementing software modules for real-world applications. -Advanced level of English. - 100% remote work. - Work-from-home hardware setup. - Flexible hours - make your schedule. - PTO, parental leave, and other special leaves. - An excellent compensation package, including base salary and commissions — well above the market average. - Strong sales operations and travel & events coordination teams within the company to support your role. - You can grow at the speed of your learning curve. - An innovation-driven, diverse, and multicultural work environment that provides the support and resources for its professionals to thrive. - The chance and resources to be a game-changer for one of America's fastest-growing, leading software development companies. Join us and be a part of the Win Different success story. Apply Now! Profesional Senior 1886126667 #J-18808-Ljbfrr
